

About Construction Roundtable of New Jersey (CRTNJ)

CRTNJ is the only professional organization that is focused on the needs and requirements of New Jersey construction project owners. For over 40 years, the CRT of New Jersey has brought together corporations, healthcare and pharmaceutical, universities, design firms, general contractors, trade contractors, developers, construction managers, professional service firms, trade associations and labor representatives to work collectively to resolve the global issues impacting growth and profitability of the construction industry.

Creating Value to New Jersey Construction Projects

- ◆ OSHA Compliance and Safety Programming
- ◆ Scholarships for the Next Generation of Engineering and Construction Leadership
- ◆ Diversity-Education and Support
- ◆ Changes in NJ Building Code
- ◆ Regulatory environment supporting Owners and Contractors interest
- ◆ Legal environment supporting Owners and Contractors
- ◆ Insurance and Risk management supporting safe and profitable projects for Owners and Contractors

*Serving the Owners
of Construction since
1970*

Why join CRTNJ?

Our organization consists of two types of member companies: *Owner companies* - major organizations that utilize the services of the Construction Industry; and *Associate companies* - construction and related industries providers.

We produce a very successful Diversity Conference in September with over 200 attendees. Our monthly luncheon programs are varied and solidly attended. We focus on ways to enhance our already highly successful Scholarship Program, including fund raising activities and scope of scholarship grants. We are able, thru the efforts and generous contributions of our membership, to award approximately \$5,000+ scholarships to students.

We look to significantly enhance the value we bring to our membership by expanding our workshop/conference programs to ensure our Members are ever current on construction and facilities technology, management practices and evolving issues and regulations. We are also working towards very relevant and informative monthly meeting presentation topics.

We will look to you, our Members both new and old, to help us build our reach and influence in the construction arena through your continued support and participation. Please visit our website to find the appropriate form for your organization's membership activation.

Member Benefits

- ◆ Committed Advocacy and Support
- ◆ Industry Thought Leadership Presentations and Workshops
- ◆ Continuing Education Programs
- ◆ Dynamic Networking Opportunities
- ◆ Valuable Regulatory, Legal Safety and Risk Management Information
- ◆ LinkedIn Group

Our Vision

To be a key contributor in multiple areas: in fostering the ongoing success of member organizations, in supporting New Jersey in achieving a safe, highly competitive construction environment, in encouraging businesses to stay and grow in New Jersey, in attracting new businesses, and to provide the opportunities for all who work in the construction industry to have a rewarding and enriching career.

Our Objectives

- ◆ To provide the "owners voice" to the construction industry and to provide the owners direct involvement in those issues which impact their organization.
- ◆ Be the voice of the construction industry in Trenton.
- ◆ Provide programs that support the growth and competitiveness of our industry in New Jersey.
- ◆ To help improve quality and cost effectiveness of construction projects.
- ◆ To provide a forum to address key issues, including safety, labor relations, legislation and regulations, productivity, technology and sustainability.
- ◆ Be a resource and forum for sharing best practices and processes.
- ◆ Be a key source for members to stay current on construction industry events, activities, legislation and financial issues.
