INVITES YOU TO JOIN US FOR OUR
MONTHLY MEMBERSHIP LUNCH MEETING**

FRIDAY, MARCH 8, 2019

**CRTNJ Luncheon Meeting at Metuchen Golf & Country Club
244 Plainfield Road, Edison, NJ 08820**

11:30 A.M.: Meeting Registration & Networking

12:00 P.M.: Lunch and Program

PRESENTATION:

TERMINAL ONE REDEVELOPMENT PROGRAM

SPEAKER:

**Wally Caban, PE, CCM, Chief of Construction, Engineering,
The Port Authority of New York & New Jersey**

The “Terminal One Redevelopment Program” presentation will include constructing a new terminal with enhanced world class amenities designed to provide improved customer experiences and services. Included will be some history of the current airport with its current terminals to highlight the growth of the industry and how the PANYNJ managed it thus far. The presentation will touch upon design-build concepts and will include current construction progress photos along with their scheduled target dates. The PANYNJ will also include some information on contracting opportunities.

Wallace Caban oversees the Construction Management Division for the Port Authority of NY & NJ Engineering Department. Port Authority staff members are located at facilities including: six airports (John F. Kennedy, LaGuardia, Newark, Teterboro, Stewart and Atlantic City International airports); four bridges (George Washington, Goethals, Bayonne and Outerbridge Crossing); two tunnels (Lincoln and Holland); three bus and transportation terminals; a PATH Railway System, multiple cargo terminals and ports in both New York and in New Jersey. The Port Authority is also rebuilding the World Trade Center. During his 32-plus year Port Authority career, Mr. Caban has held increasingly responsible positions within the engineering department—construction management division at both JFK and LaGuardia. He was previously Engineer of Construction- LaGuardia/Stewart International Airports before being selected for his new position as Chief of Construction for the Construction Management Division. His most recent accomplishment was the on-site coordination of activities required for the successful completion of the Bayonne Bridge Raise the Roadway Project which opened the New York Kill Van Kull navigational channel to Port Newark and Port Elizabeth for the larger shipping freighters on June 8, 2017.

About the Construction Roundtable of New Jersey (CRTNJ)

The CRTNJ has been in existence for more than 40 years and is the only professional organization that focuses on the needs of New Jersey Construction project owners. Our Mission is to make New Jersey construction more competitive in the national and global marketplace, provide Members with a variety of robust presentations, workshops and forums to both educate and stay current on developing technologies, regulations, legislation, and industry best practices. The CRTNJ brings together corporations, universities, design firms, contractors, subcontractors, construction managers, professional service firms, trade associations and labor representatives to discuss and better understand how we can collaboratively work together, in a win-win environment, to address and resolve those issues that impede growth and profitability of the construction industry, as well as provide a competitive environment for companies to grow and prosper. Visit www.crtnj.org for more information.
